“Thank You”

Hello Triangle Neighbors!

Our “Party in our Park” was a very successful event this year. The weather was beautiful and everyone who was able to attend had a wonderful time. If you were unable to make it, mark your calendar for next year. Our new annual date will be the last Sunday in July.

This year we were able to raise enough funds to purchase a new park bench for Carpenter Park, once the construction is finished. We will be donating a recycled plastic bench with the Triangle Neighborhood engraved on it.

Additionally, we will be adding another sign with doggie bags on the southwest corner of the park to help with cleaning up after our pets.

Our event brought many new faces this year and as always it is a good way to meet your neighbors. The Triangle Neighborhood would like to thank all of those who donated their time volunteering at the event and to all of the business with their in-kind donations. Without the help of everyone, our event would not be the success that it is.

THANK YOU!

Paper Clips

Whitwell, TN is a small, rural community of less than two thousand people nestled in the mountains of Tennessee. Its citizens are almost exclusively white and Christian. In 1998, the children of Whitwell Middle School took on an inspiring project, launched out of their principal's desire to help her students open their eyes to the diversity of the world beyond their insulated valley. What happened would change the students, their teachers, their families and the entire town forever...and eventually open hearts and minds around the world.
